 - Bluetooth enabled
- Built-in speakers, energy saver mode, fan, tablet rack, water bottle holder
- 10 speed keys & 10 incline keys, quick program keys, Durable, 2.5 CHP motor runs at lower RPMs to minimize noise and increase efficiency

Smart Treadmill Features Put You in Control

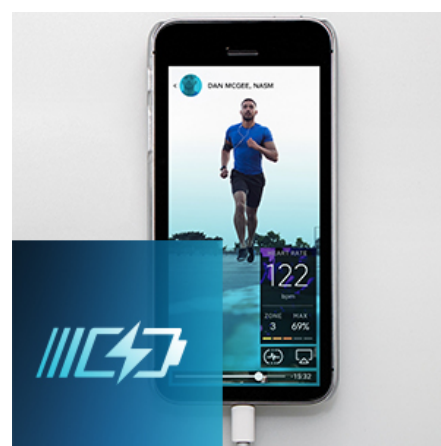

Bluetooth Connectivity

Advanced Bluetooth connectivity syncs your device to your treadmill's integrated speakers to stream media with crisp, vibrant stereo sound. Now it's easy to follow along with your coach's prompts, tune into your favorite show, or sweat it out to motivating music.

Built-in Device Holder

The built-in device holder makes it easy to keep your tablet or phone in view for entertainment or instructor-led exercise classes. This sturdy holder will keep your device safe even during hard runs. And it's perfectly placed for optimal viewing.

Rapid Charge USB Port

Don't let a low battery slow you down. The rapid-charge USB port keeps your device fully powered during long jogs. You'll complete your workout fully charged and ready to face whatever's next.

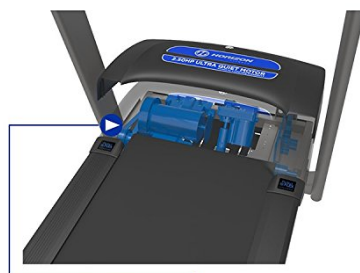

*tablet and subscription not included.

[MORE ENTERTAINMENT, LESS WIRES]

Enjoy your favorite music or podcast through our wireless Bluetooth speakers. No plugs and no wires.

[HIGH QUALITY DRIVE MOTOR]

Maintain your rhythm with a responsive digital drive system that continuously recalibrates with each footfall. Because the motor always runs at low RPMs, it minimizes noise and enhances durability.

[VARIABLE RESPONSE CUSHIONING]

Just like a running shoe, a treadmill with our unique three-zone cushioning system gives you the ideal amount of flex and support in all phases of your stride.

[FEATHERLIGHT FOLDING FRAME]

The hydraulic-assisted lift reduces the weight of the deck both when it is being raised and lowered. A folding deck is also a great space-saving feature on the T101.

[INCREASE THE INCLINE, INCREASE THE RESULTS]

Our direct thrust incline motor is powerful enough to lift and lower your weight without strain, and operates quietly because it does not have to work as hard.

ADDITIONAL
INFORMATION

More Information

Foldable	Yes
Warranty	Main Motor: 3 years, Other parts: 1 year
Speed	0.8 – 18 km/h
