

VIGOR DELUXE SMITH MACHINE WITH HALF RACK

SKU: HM3310

The Vigor Deluxe Smith Machine is the perfect combination between a Smith Machine and Squat Rack to be able to train with loose weights as well as fixed in the Smith Machine. The heavy steel construction and smooth guides guarantee the best training and safety.

Smith Machine

The Smith Machine function includes two safety stoppers that can be fixed on the chromed hooks so it can catch the rod in case of emergency and thereby allow you to train in safety and to extend your limits. The handy hook system of the Smith Machine allows you to hang the rod at 15 different heights and so the Smith Machine offers a wide range of exercises.

Half Rack

The combination of Deluxe Smith machine and the Half Rack is ideal for any gym. With the half-rack function you can train with free weights such as a barbell. The red colored J-hooks and spotters offer training ease, safety and can be set at 15 different heights.

Maximum load weight + Heavy Duty

If you are going to work with strength training, you obviously want it to be done in a safe way. A solid quality and stability are very desirable, the Vigor Deluxe Smith Machine meets all requirements. The extremely stable and strong heavy duty steel frame ensures that the Smith Machine can withstand a maximum load of up to 280 kg and does not succumb even under the heaviest load.
